

International Hop Growers' Convention

For Hop Growers' Associations and Hop Industry Companies - interested in the IHGC membership

In case an additional hop growers' association or a company related to hops has interest in joining formally the IHGC, we encourage you (if not already):

- to look at documents IHGC [Constitution](#) and [Compliance Rules](#),
- to email for the IHGC archive a very short text about your company, expressing the interest to join the IHGC, pointing out contact person's info and company's address,
- to fill in and email back the signed/stamped/scanned [Commitment Declaration](#).

After the Executive Committee approval, your hop growers' association or hop company may benefit of

- various additional IHGC membership's issues,
- the IHGC website promotion of your company,
- our monthly IHGC newsletters with updates on joint hop industry activities, discussions and initiatives,
- invitations to our meetings 3 times per year,
- the access to the coded **Members Area** website with various hop industry documents – including hop producing country statistics and updated market reports.

If your association/company decides to join formally the IHGC, email to the [secretariat](#) the requested documents – so that we may put the proposal to the agenda of the following Executive Committee meeting. The fee for the hop industry companies would be 850 EUR/fiscal year.

Dr. Martin Pavlovič
Secretary general IHGC

Adi Schapfl
President IHGC
